## Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preference. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at W. E. Pelham & Son. Get Green's Special Almanac

## REFERRED TO THE GRAND JURY.

Magistrate Fant Was Not a Commissioned Officer When the Committee Called For the Books

Mr. Editor:—I noticed in the last issue of your paper that the grand jury reported F. W. Fant, magistrate, for not sending in his docket for inspection. The committee appointed by the grand jury, called for the books of magistrates some time in July. Mr. Fant had not at that time received his commission as magistrate, and therefore had no docket to submit. I make this statement to explain why Mr. Fant did not present his docket for inspection. He was not, at that time, a magistrate.

Yours truly, A Friend.
